Dear All

I am writing to express my gratitude for the fantastic job Brad and (I think) Steve (my apologies if I have not remembered your name correctly) did when they sanded and polished my floors recently.

The house looks beautiful – after several weeks I am still moving bits of furniture back in. It is taking me so long because I am reluctant to cover up any more of the floor surface than I have to. I have returned only a couple of rugs just to protect the high traffic areas – there used to be many more just to disguise and hide the floors.

I love the matt finish – gives the floors a nice warm glow which I think is much more appealing than the very high gloss finish so often seen on wooden floors.

My boys and I (and the cats) stayed in the house for the duration of the work, and I was so pleased that we didn't have to live with strong smells from the polish. It certainly made the whole experience easier not having to move into other accommodation whilst the work was proceeding.

Thank you –I have already recommended you to friends, and will continue to do so.

Kind regards

Barb Heath
